UTAH MEDICAID PROVIDER MANUAL

SECTION 2: PROVIDER-SPECIFIC POLICY

SECTION 2 of the Utah Medicaid Provider Manual contains policy, procedures, codes, billing instructions and other information which are specific to a health care service covered by the Utah Medicaid Program. A typical Utah Medicaid Provider Manual contains SECTION 2 for one type of health care service. For example, the 'Audiology Manual' contains SECTION 2 for Audiologists. Anyone may request a SECTION 2, or any attachments, for any type of service. The chart below has a list of Utah Medicaid Manuals.

- Some Manuals and attachments are available on-line. These are in bold print, underlined, and marked with this symbol: **e**.
- If a manual is not on-line, call Medicaid Information (toll-free 1-800-662-9651), or send a Publication Request Form [www.health.state.ut.us/medicaid/requestform.pdf]. You may also email hbradsha@utah.gov. Electronic documents are available only in Word Perfect format.
